

AEMT	Agenda 2050
Be an on	Characterize the EMT's role in disease and injury prevention and public education in the community
Continuity of care	Data
Define emergency medical services (EMS) systems	Define mobile integrated health care and community paramedicine
Describe EMT licensure criteria; include how the Americans With Disabilities Act (ADA) applies to employment as an EMT	Describe how medical direction in an EMS system works and the EMT's role in the process

<p>Definition: Advanced EMT; intermediate scope bridging EMT and paramedic. Notes / acronyms / usage: May include limited ALS skills per state and protocol. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>	<p>Definition: National EMS stakeholder roadmap for system modernization and workforce development. Notes / acronyms / usage: Explains industry direction beyond a single agency when discussing EMS evolution. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>
<p>Definition: scene leader. Source row: extract_full_book Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>	<p>Definition: Knowledge/skills objective (printed page 2); confirm wording in your course copy. Source row: pdf_objective Book reference: Printed page 2. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>
<p>Definition: Unbroken transition of assessment, treatment, and information across EMS and hospital teams. Notes / acronyms / usage: Give concise handoffs and complete documentation so the next caregiver can continue the plan. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>	<p>Definition: and-Systems/Statistics-Trends-and-Reports. Source row: extract_full_book Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>
<p>Definition: Knowledge/skills objective (printed page 2); confirm wording in your course copy. Source row: pdf_objective Book reference: Printed page 2. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>	<p>Definition: Knowledge/skills objective (printed page 2); confirm wording in your course copy. nvfc	Offline medical direction
Online medical direction	Paramedic
Protocol	PSAP
Quality improvement (QI)	Recognize the presence of other first responders at a scene with EMS training, some knowledge of first aid, or merely good intentions, and their need for direction
requirements	Scene size

<p>Definition: joint-position-statement-on-paramedic-education. Source row: extract_full_book Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>	<p>Definition: Prospective direction through protocols, policies, and training approved in advance. Notes / acronyms / usage: Guides default care paths before you speak with a physician. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>
<p>Definition: Real-time physician guidance by radio or phone during a call. Notes / acronyms / usage: Use for unusual presentations, protocol deviations, or medications requiring voice contact. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>	<p>Definition: Highest common prehospital clinician in many systems; broad ALS scope. Notes / acronyms / usage: Leads complex airway, pharmacology, and critical care transitions. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>
<p>Definition: Written standing guidance approved by medical direction. Notes / acronyms / usage: Defines assessments and interventions within scope. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>	<p>Definition: Public safety answering point where emergency calls are received. Notes / acronyms / usage: Starting node for 911 processing and resource assignment. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>
<p>Definition: Systematic review to improve care delivery. Notes / acronyms / usage: Uses charts, audits, and feedback without blaming individuals. Source row: curated_ch01_05 Book reference: Printed pages 2–29. Emergency Care and Transportation of the Sick and Injured, 12th ed.</p>	<p>Definition: Knowledge/skills objective (printed page 2); confirm wording in your course copy.
